

Bifidobacteria

The background of the page is a light green color with several stylized, cartoonish illustrations of Bifidobacteria. These bacteria are depicted as bean-shaped organisms with multiple small, hair-like flagella protruding from their outer surface. Some bacteria have two distinct circular structures inside, representing internal organelles or nuclei. The illustrations are scattered across the page, with some appearing larger and more detailed than others.

TYPE: Microbe

THEME: Bacteria

- ◇ I am a bacteria
- ◇ I live in human and animal guts
- ◇ I am too small to see without a microscope but for a microbe I am quite big!
- ◇ I help humans and animals to digest food
