

E-Coli

The background of the page features a stylized illustration of E. coli bacteria. The bacteria are depicted as blue, rod-shaped structures with numerous small, hair-like flagella extending from their surfaces. They are scattered across a light green background, with some appearing larger and more detailed than others, creating a sense of depth and movement.

TYPE: Microbe

THEME: Bacteria

- ◇ I am a bacteria
- ◇ I live in humans and animal guts
- ◇ I also live in the soil and in food products
- ◇ I am too small to see without a microscope but for a microbe I am quite big!
- ◇ Sometimes I can make people and animals very sick
- ◇ People and animals need to take antibiotics if E-coli is making them sick.
- ◇ People can avoid being sick by washing their food in clean water, cooking food thoroughly and washing their hands before eating
